A copy of the European Search Report is enclosed.

In addition, prior art D-F are cited in the International Search Report issued by Japanese Patent Office to the basic International Application. A copy of the Search Report is enclosed.

Though the prior art E and F is not in the English language, the Search Report is written in English and the degree of relevance is indicated therein by way of the markings of Ys along with the explanation of such markings. Accordingly, pursuant to MPEP Section 609, the requirement for a concise explanation of relevance for this non-English language prior art is satisfied and an English concise explanation thereof is omitted herein. Nonetheless, an English language abstract is attached to each one of these non-English prior art E and F.

It should be noted that three of the cited references in the International Search Report, namely WO 01/48402 (corresponding to European Patent Publication No. EP 1 179 698), JP 2002-129440 (corresponding to US 2002/0069635) and WO 01/48403 (corresponding to European Patent Publication No. EP 1 193 428) are also cited in the International Search Report.
